

Dear friends,

2011 Another year is nearly over.

In business it was a slow year. We didn't do as many trips as we wanted to do. Looking from the bright side: the ones we did we could give even more attention, enthusiasm, time and care.

In politics it wasn't a slow year. Again and again the discussion was started about a mandatory yellow or orange vests to increase visibility of motorcyclists. In general this is a good thing but to oblige it by law? Being a biker means being 18 or older (in the Netherlands). People should know how to protect themselves by this age. Or are we making a judgment error? In 'the real world' politicians had to deal with much bigger issues.

President Obama and Dutch minister-president dhr. Rutte

The weather. Strange. Spring was great. Warm, dry and very sunny. It has given us many great days to drive our bikes. Summer was okay. Not the best one and not one with lots and lots of sunshine. Looking from the 'sunny side' a great summer to wear our protective clothes. Autumn was great again. No rain during October and November and good temperatures enabled us to drive. And winter? We simply don't drive motorcycles during the winter!

Economy. Wow. 2011 was like a financial-roller-coaster. And not the one from Disney world which stops every 55 seconds so you can get out. The European-economy-roller-coaster doesn't stop and it won't stop for the next you tell me! The ones who still believe in a good ending sometimes end up with a very nice trade. In our case we got our hands at a 2002 Honda CBR 954 it only did 1632 km !!!!!!! In case you like it, it is for sale.

Private. Good. Simply a good year. A year to do over again. Or more realistic, looking back it makes me smile. Nothing really bad happened. We still have some days left of 2011, hopefully nothing will change.

2012 365 days to go. We are looking forward to 2012. It always come too soon. We have lots of work to do to be ready for the 2012 season. Many new ideas need attention. It consumes soo much time. But looking at it with a positive mind, doing the preparation we have already lots of fun and we enjoy doing this kind of work. You have to wait a couple of months before you can join.

Date of departure. They will be available in the beginning of January 2012.

Costs. We won't raise our prices. We think we will be able to offer better deals next season. Right now we are working out the last details. A.s.a.p. we will show it at our website

www.proholland.com

Keep an eye on it !!

Fun part.

Sometimes people make mistakes. Most of the time no one will notice. But sometimes things are really going wrong. And in case you are 'the lucky one' your mistake will be there for a long time..... More than once you will notice it: some people first have to think before they start doing things....

1. Best thing to do: stop read and go on again

2. Ganzen = geese
3. Gevaarlijk ijs = dangerous ice
4. Geldt ook voor andere kleuren = different colors also
5. Let op brugdek = don't destroy the bridge
6. Deze auto is groen = this car is green

Have a nice ending of 2011 and an even better beginning of 2012

We, the crew of ProHolland, wish you all the best for 2012!!!!
