

Dear Friends,

Work and fun

The last few weeks are getting more and more busy. More emails, more phone calls. More preparation and certainly more promotion work to do. Our staff has lots of fun doing this. Let's be honest: exploring the web, reading travel magazines etc. is a good way to spend a Sunday afternoon. We love to give you these moments of 'preparation' fun. We try to update the website as often as possible. (look at the photo gallery and the new page, these contains lots of new pictures and new info)

Promotion work

Two weekend in a row we spend time at the TT circuit in Assen. First event: the National Motor Days of the Netherlands. Not very important. We aim mainly on foreign guest. The second one: Superbike races in Assen. This was *our* time. In cooperation with Nepak racing team we had a very nice spot in the paddock. Nice tent, good catering, good appearance and most of all: splendid weather. If you want to see the pictures: take a look at the photo gallery at the ProHolland site (or use this link:

<http://www.proholland.com/index.php?pid=6&album=1>) for the lazy ones: here is one off them.

Watching Superbikes, this is how we do it!

Duo passenger

To make sure we don't get long faces: in the Netherlands only one duo passenger is allowed..... great video! Have fun.

More "promotion work"

June 21st and July 21st ProHolland will do 'promotion work' in France at Croix et Ternois raceway. This will also be the first time this year we will ride our own race bike. Up till now we either had no time or we suffered from technical difficulties: a leaking radiator. Being a genuine HRC part it was simply too expensive. Luckily a Dutch car restoration company used all their experience to help us: they weld the leaking tubes.

Whenever you like to visit us at Croix: simply send us an email. We would love to welcome you and we will make sure coffee is ready.

Ps. The ones who really paid attention to all our information: don't be afraid we skip trips. Yes, both days are in the middle of two tours through the Netherlands so we decided we have to pull straws, who will be the lucky one going to Croix.....

MSN,

We are ready for MSN and Skype. Every Wednesday evening (our time!!) we will be online. If not: don't panic: send us an email and within 48 hours you will have a reply. Note: the Skype service is just the messenger, not jet their phone service. We will ad this too our service a.s.a.p.

Two weeks

Pay attention at your mailbox in about two weeks.....

Ps. If you aren't interested please let us know and we'll stop the e-mails.

Regards,

Kyle Hoekstra
